

Select Reproductive Solutions™

A Portfolio of Reproductive Solutions *Tailored to Meet Your Needs*

Select Sires understands that a one-size-fits-all approach to reproductive management doesn't work in today's dairy industry. That's why you can trust our highly trained Select Reproductive Solutions specialists to help you design a customized reproductive program that's right for your needs.

Select Sires offers a **Portfolio of Reproductive Solutions™** that will help you meet your reproductive goals, save you time and maximize your herd's progress. To start designing a reproductive program that fits your herd, contact your representative today.

The Select Sires Portfolio of Reproductive Solutions

- ◆ Reproductive troubleshooting
